ABOUT GET HIRED! VIRGINIA

What if the concept of **group speed networking** could change the way you expand your career network and get LinkedIn to the right professionals?

Have you ever experienced the **serendipity effect**? Imagine a career networking event that actually **works for you**.

Interview Angel Inc. is proud to partner with **Ignite Speed Networking** to launch an unprecedented networking event that introduces Ignite's revolutionary structured networking program to the job market!

Our Mission: Introduce job seekers to recruiters and entrepreneurs in a unique and productive networking environment.

Result: Job seekers can expect to make **50 or more professional contacts** in one evening (compared to 3 or 4 contacts at a traditional networking event).

Our Charity: A portion of the proceeds from this large scale networking event will benefit the new Breakfast Club Program run by the **Dress for Success** organization (at their request, copies of the Interview Angel padfolio are being donated at our cost to help those in financial need regain employment).
